

First Draft: Story Board

DH 100 | Graham Galloway | May 30, 2021

Workflow:

Research Question:

What are the relationships between San Francisco's Police Budget, Felony Crime Statistics, and Police Misconduct Reports
(+ Other relevant data? TBD)

Story/Hypothesis:

Higher Police Budgets do not correlate with lower crime rates/lower police misconduct rates
(Needs deeper analysis + types of crime other factors. Incarceration rates?)

Images:

Images and graphs TBD!

Descriptions:

TBD!

Source: Wikimedia Commons

Data Sets:

Data is from publicly available SF budget and police reports:

- Budget info
