## ENCOUNTERS

### SAN FRANCISCO ADMINISTRATIVE CODE, CHAPTER 96A

To comply with Chapter 96A reporting requirements, the required information must be reported separately for Detentions and Traffic Stops. San Francisco Police Department is currently collecting information on all police encounters, which includes self-initiated and dispatched contacts (not a Chapter 96A requirement). In the following tables, in addition to reporting Detentions and Traffic Stops in distinct data sets, self-initiated and dispatched calls have been separated for further analysis. The eStop data collection program began January 3, 2017. All dates in this report begin July 1 to reflect the beginning of the third quarter.

The requirements of 96A are used to organize and structure this report.

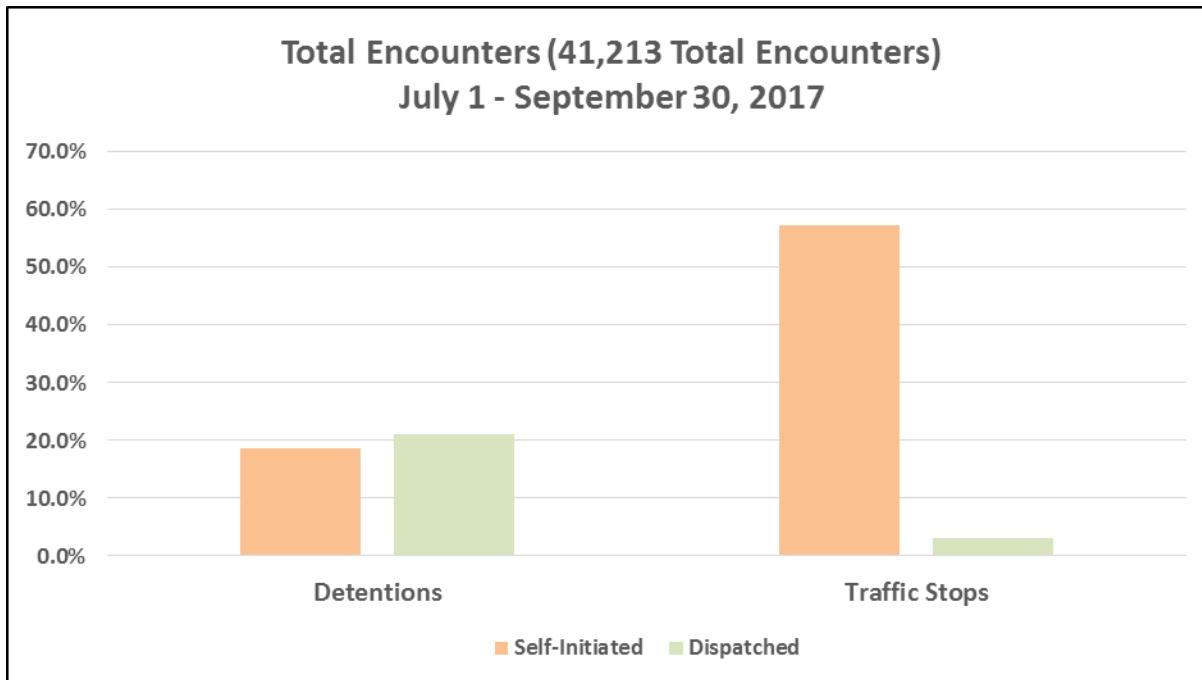

After a brief description of overall Citywide Calls for Service in Quarter 3 2017, overall totals for Detentions and Traffic Stops are presented. Next, the report is presented in two parts. First all Detentions will be reported, followed by all Traffic encounters. Both Self-Initiated and Dispatched activity is reported. Each of the required metrics are broken out by Race/ethnicity, Age and Gender. Note the color scheme used, below.

**SEC. 96A.3.(a)(7) THE DATA FOR ENCOUNTERS REQUIRED TO BE REPORTED BY THIS SUBSECTION (a) SHALL BE REPORTED SEPARATELY FOR DETENTIONS AND TRAFFIC STOPS.**
